Work Experience

User Experience Designer, Microsoft Edge

April 2019 - Current

- Working closely with a dedicated team who believes in designing for tomorrow. Being apart of the core ux team at the Microsoft Edge studio we focus in understanding user needs, desires and how to ship great ideas.
- My responsibilities consists of being a malleable designer from conducting user studies, building frameworks, prototyping, to motion explorations and delivering new features for the web browser.

Visual Designer, PayScale Inc

May 2017 - Sept 2018

- Distribute new and modern design strategies that elevates brand awareness, brand interaction & digital experiences.
- Research & develop new best practices that can be implemented within the companies B2B & B2C marketing strategies and products.
- Integrated various design tools on the marketing team helping evolve design standards.

User Experience Designer, Beyondsoft

Jan 2016 - December 2016

- As design lead & user experience expert, I supported multiple teams within our North American Business Groups with various design processes and creative strategies as a new service.

User Experience Designer, Piraeus

Jan 2015 - Jan 2016

- Delivered strategic design solutions for web based applications, web campaigns, identity design for both internal & external business groups and Microsoft clients.
- Rebranded and redesigned the company's official website,. Developed a full brand style guide while integrating design standards for the entire company.
